WORK EXPERIENCE

UX Designer/Developer

March 2019 - Present

Kashoo

Redesigned and launched new the experience of bookkeeping for Kashoo 2.0 aimed towards small business owners with little to no accounting background. Worked along side developers to assist on HTML/CSS styling and minor front-end UI fixes. Conducted Interviews with existing Kashoo 1.0 customers to understand their concerns and comments.

UX Web Designer Intern

Sept 2015 - Sept 2016 & Sept 2017 - Dec 2017

City of Surrey

Designed and launched the first 5 new online services and the MySurrey Portal project. Created high fidelity mockups, wireframes, and prototype to present to business owners. Also assisted with the HTML/CSS styling and QA testing for each application.

Designed in collaboration with external developers and in-house architects on the Single Sign-on feature of the MySurrey Portal. Iterated and user-tested the Account Management and Security portions with Surrey citizens.

Jr. UX Designer (Contractor)

Jan 2019 - Mar 2019

Rectxt

Assisted in designing a Chrome-extension for recruiters. Designed the the Plans & Subscription page while working with developers abroad for QA testing.

Digital Communications & Web Designer Intern

May 2018 - Dec 2018

Mother's Matter Centre

Redesigned the entire website using Wordpress and CSS. as it is still in the original HIPPY branding and very content heavy. Created prototypes and mock-ups to propose to the team using InVision. Integrating CanadaHelps and MailChimp for a seamless flow.

Design Intern

June 2014 - April 2015

Scentuals Body Care

Redesigned the Baby Collection with a new brand direction by changing its brand colour, font, and illustrating animal characters to fit the theme using Illustrator and hand sketching. I also designed flyers, catalogues, and promotional emails to wholesalers such as Pharmasave, Whole Foods, and Save on Foods through Constant Contact.
